

TEAM BUILDING VOUCHER

Research Development SC CTSI

Seeking applications for **team building activities** for up to **\$3,000 each** from research teams.

Priority will be given to projects that demonstrate a clear path for new engagement of individuals from diverse backgrounds and disciplines in addressing challenges in clinical and community research.

Pre-submission consultation with SC CTSI Team Building Grant staff is required.

About Us

This mechanism is intended to provide rapid funding for activities that promote the SC CTSI goal of assembling new multidisciplinary or transdisciplinary teams focused on clinical and community research, and that are grounded in the team science principles.
